

ADE Now Represents Cambridgeport Custom!

Highly Engineered. Superior Quality. Unmatched Performance

ADE is excited to serve as the representative for Cambridgeport Customs. With over 40 years of being in the industry, Cambridgeport Customs can provide unique solutions with its innovative and transparent HVAC units and accessories. Contact the [ADE Team](#) to learn more about these systems.

Why Cambridgeport Customs?

Air-Handling Units

Units can be customized with various materials, equipment, and tailored modifications to accommodate virtually any design specifications outlined by the specifying engineer.

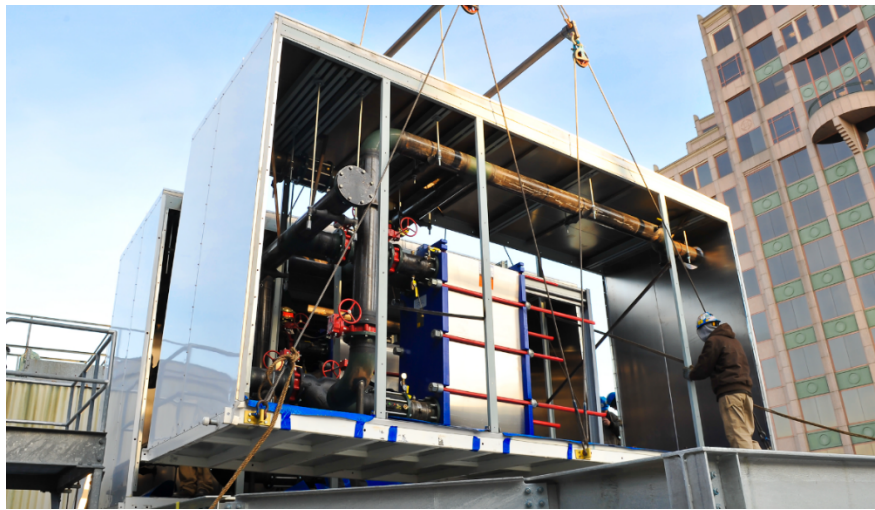

Energy Recovery Units

Provides tailored energy recovery solutions, including heat wheels, heat pipes, plate exchangers, and heat recovery loops.

Designed for both interior and exterior use.

Durable, efficient, and built to perform

Penthouse Enclosures

Factory-built, modular, or knocked-down enclosures are tailored to meet diverse site and equipment needs. Designed for interior or exterior use, they feature structural framing for equipment support and 2", 3", or 4" insulated walls.
